Optimeo

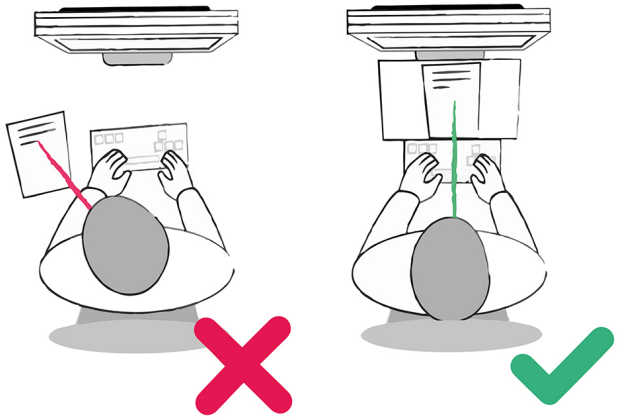
Optimeo bends over backwards for your comfort at work

Paper documents are all too often placed to the side or in front of the keyboard when people work at their computers.



THIS IS A RISK OF MSDs*

This positioning can cause straining in the neck, the shoulders and the back and leads to posture imbalance causing MSDs*.

* musculoskeletal disorders

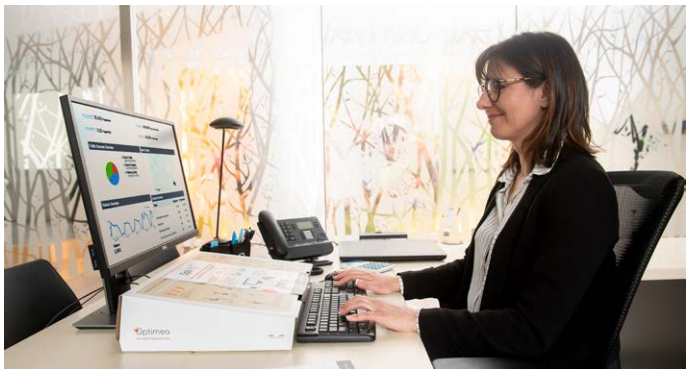
AN EFFICIENT WAY OF PREVENTING MSDS

Opti-1 allows users to ergonomically position documents.

It is a highly effective way of preventing MSDs (neck and back pain, etc.) and resolves posture issues.

Opti-1

Close to the user above the keyboard, the Opti-1 makes it easier to take notes.



The Opti-1 is made of high-strength cardboard with a non-reflective matte finish.

Strong and light, it is delivered flat and is easy to assemble in less than a minute.
